Venice, Italy

This city is an extravagant architectural marvel, achingly beautiful; a city built on water, no streets, no cars, just canals and gondolas. For many centuries, Venice led as one of the bravest and powerful nation-cities in history. This legacy left an artistic treasure for humanity. It's hard not to fall in love in this city.

Hotel Bonvecchiati Epoque Classic Superior

The history of the Bonvecchiati dates back to 1790. It has been beautifully renovated in 2002 in typical Venetian style; its silk divans and curved ornaments are revived in a mellifluous decor. The restaurant's terrace overlooking the canal, offers panoramic views of the Romantic City: A truly breath-taking and idyllic experience.
