

EPOQUE HOTELS

## Puerto Vallarta (Cruz de Lareto) , Mexico

### Hotelito Desconocido Epoque Classic Superior

Hotelito is a rare privilege. The hotel offers 24 Palafitos, bungalows of indigenous construction, built on stilts on an estuary that overlooks 40 miles of virgin beach washed by the Pacific surf. Ecology makes it to your table too, with the freshest food imaginable. It is as close to nature as luxury will allow. Imaging camping with luxury linens, gauzy netting draped seductively over the bed, and the romance of candles everywhere... With a symphony performed by cicadas, birds and the Ocean, you'll know this is no ordinary getaway; this is a place where you increase your sensibility to new sensations.

Location: Located 90km south of Puerto Vallarta in a natural reserve on the Pacific coast of Mexico with forty miles of untouched beach. Set on one of the most important turtle reserves in Mexico.
