

## Lisbon, Portugal

Once the cradle of world exploration and geographical discoveries, today Lisbon invites the visitor to explore and discover the irresistible charm of its own city. The old village of Alfama, encrusted upon steep hills, the castle complex, the belle époque trams and cafes, the scent of the sea, flowers and delicious food permeate the streets. A true pleasure. In the last few years, Lisbon has re-invented itself, becoming a very fashionable and trendy destination.
